Please submit this application to the Financial Aid Office prior to Monday, March 29th for priority processing. You may still submit this application after this date but you must be prepared to pay your tuition, fees and book charges from out-of-pocket funds since there is no guarantee it will be processed before the tuition due date. If you add or drop a course after being initially awarded, your award(s) may be revised accordingly and you will be responsible for notifying the Financial Aid Office and/or paying any balance resulting from your schedule changes.

It is important to keep in mind that unless you qualify for the Federal Pell Grant and/or the Federal Stafford Loan, financial aid is extremely limited for the summer term and our main goal is to assist you with tuition and fees only.
