Total Minimum Credits to Complete	20			

- NOTES:**
1. Students with good computer skills may seek to satisfy this requirement by CLEP or internal exam.
 2. ITE 290 represents a one-credit internship that will focus on student's particular track. Students must have completed all coursework or be concurrently completing coursework in present semester for graduation with advisor's approval.
 3. All information technology courses must be completed within five years of student's intended graduation date.
 4. Credit for prior certifications may be granted. See faculty advisor for details.
 5. Students should regularly meet with their faculty advisor and check their advisement report in MyTyler – SIS.
 6. Courses noted as Fall only or Spring only are based on historical trends and current planning and may change without notice.
