- NOTES:
1. All information technology courses must be completed within five years of student's intended graduation date.
  2. ITE 290 represents a one-credit internship that will focus on student's particular track. Students must have completed all coursework or be concurrently completing coursework in present semester for graduation with advisor's approval.
  3. Students should regularly meet with their faculty advisor and check their advisement report in MyTyler – SIS.
  4. Courses noted as Fall only or Spring only are based on historical trends and current planning and may change without notice.
