Total Minimum Credits to Complete	34			

NOTES:

- CHD 165 is an observation and participation practicum class that requires students to observe young children in settings approved by the program chair.
- To enroll in CHD 165 students must have a declared early childhood major and complete a TB screening, a criminal background check and a sex offender registry check, as a condition of placement in a practicum site. Students are expected to cover all costs for these procedures.
- Students who have current certifications in First Aid and Safety and CPR (child or adult) can use these to fulfill the two-credit HLT 106 requirement. The original cards must be presented to the Admissions and Records office. No online First Aid/CPR cards will be accepted for credit at JTCC.
- Students should regularly meet with their faculty advisor and check their advisement report in MyTyler – SIS.
- Courses noted as Fall only or Spring only are based on historical trends and current planning and may change without notice.
